

Cirrus Collection:

Cirrus Collection delivers on its promise of being stylish, strong, and exceptionally functional. Crafted with clean lines and robust materials, Cirrus tables are perfect for stand-alone placement or can be seamlessly paired with their curved versions and complementary seating to create spaces that invite collaboration and inspire “meetings of the minds”.

The Cirrus Collection is a robust, stylish design for versatile, high-performance spaces, including:

Stylish & Robust Design: Features a clean, modern aesthetic combined with strong, durable construction.

Versatile Functionality: Designed for both stand-alone placement and seamless integration into collaborative layouts, creating spaces ideal for meetings and interaction.

Adaptable Product Range: Includes core tables, curved components, and specialized solutions like Esports Console Gaming Tables, catering to diverse modern and high-performance settings.

Esports Console

Cirrus Esports Consoles are designed to support your gaming facilities, working seamlessly within your infrastructure to provide the ultimate club or team experience. Paired with ergonomic adjustable height chairs, like Respawn Gaming Chairs, ensuring a comfortable and healthy posture for gamers while they compete! Three models of Cirrus Esports Consoles are available, our Cabinet Back model features top of the line wire management, designed to create runs for 3 v 3, 6 v 6 competitions seamlessly. The Panel back model, is a lite version of the latter while still offering cable management. Our Curved model is unique to the Esports arena, as it creates more of a dome feeling, keeping gamers in their own space from the audience while still allowing for wire management. All models accept monitors on the back (spectator facing side) to allow for viewers to see gamers in action and view their personal stats.
