ADDITIONAL INFORMATION

CAL TB 133: All patterns may comply with California Technical Bulletin 133 when combined with appropriate components.

- Additional factors affect fabric durability and appearance retention, including end-user application and proper maintenance. Wyzenbeek results above 100,000 double rubs have not been shown to be a reliable indicator of increased fabric lifespan.

REDUCED ENVIRONMENTAL IMPACT

These products are GREENGUARD Gold Certified for low chemical and particle emissions to UL standard UL 2818 and may contribute to LEED certification. For complete information visit mayerfabrics.com and ULtestlist.org.

Continuum, Fanfare

The Eco-System icon indicates 100% recycled content. The Facts icon indicates a textile has been evaluated based on the requirements of the multi-attribute sustainability standard NSF/ANSI 336 through an independent third-party certification body authorized by the Association for Contract Textiles.

CARE AND CLEANING INFORMATION

| C: | Crypton® Cleaning |
| S: | Solvent |
| W: | Water/Standard Cleaner |
| WS: | Water/Solvent Cleaner |

Bleach Cleanable – 1 part bleach, 9 parts water = 10% bleach, 90% water solution. Do not clean/disinfect fabric for longer than 10 minutes using the 10% bleach solution. Always rinse promptly with clean water after applying the bleach solution. Failure to do so will void any and all warranties.

ADDITIONAL INFORMATION

CAL TB 133: All patterns may comply with California Technical Bulletin 133 when combined with appropriate components.

Abrasion: Multiple factors affect fabric durability and appearance retention, including end-user application and proper maintenance. Wyzenbeek results above 100,000 double rubs have not been shown to be a reliable indicator of increased fabric lifespan.

Custom Capabilities: All patterns can be custom colored. Minimum package applies.

Digital Swatch Card Color Matching: Due to color variations on different monitors and color printers, actual swatch colors may vary slightly. Please request a memo sample from Mayer Fabrics to ensure proper color representation.

Specifications: Specifications are correct at the time of printing. Additional specifications are available on our website.

Railroaded: This feature allows reduction of seams and enables smoother furniture tailoring.

Random Match:

These fabrics meet or exceed Mayer’s AATCC performance guidelines. Certification Marks owned by ACT.

For additional colors, pre-approved patterns, fabrics, and specifications, please refer to the Mayer Textile3D site.
