The shell of the Forum Work Lounge Seat has been rotated 8-degrees forward to create a more forward/upright posture which is more comfortable for laptop use and the use of other devices. The Forum Relax Lounge is the Forum Lounge which has been given a slightly more differentiating name to suit its intended application. Both Forum Relax Lounge and Forum Work Lounge share the same iconic DNA of the stylish and comfortable Forum Lounge.

General Specifications

Frame: 9/16" diameter steel tube frame structure.

Fully Upholstered Seat and Back: Fabric over CAL 117 approved foam. Fully upholstered seat cushions are constructed on an inner wood frame with 2" of high density upholstery foam.

Optional Tablet Arm/Work Surface: 11"D x 19"W; Tablet arm rotates 360-degrees. As tablet surface is moved to allow user to slide in/out, it pivots on a horizontal plane. It requires an additional 19-1/4" of space next to the chair as it swings all the way out. High pressure laminate work surface with PVC Edge. Right hand and Left hand tablet work surfaces are available.

Glides: FRM-N68E-GLIDES plastic, non-marring glides for hard floors are standard. Meets or exceeds ANSI/BIFMA X 5.4-1997 Lounge Seating

(Harter) Forum®: Tables

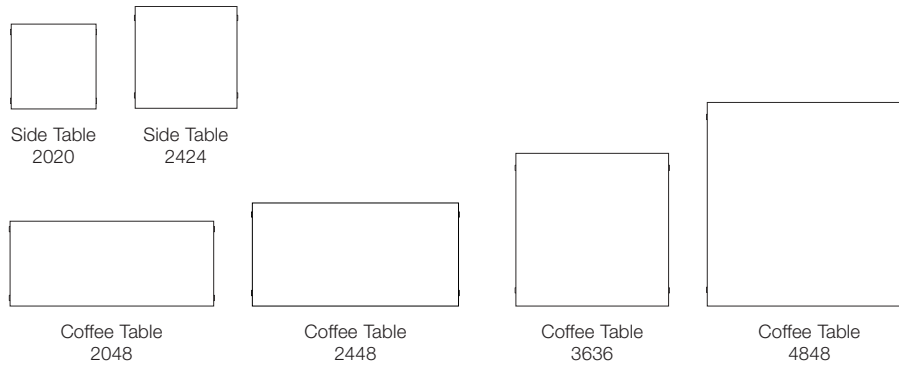

Design by Timothy deFiebre

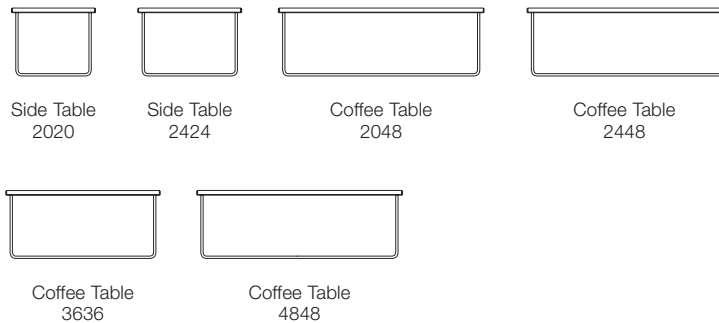

(Harter) Forum: Tables

In a time when work has become ubiquitous, a workspace must be collaborative, flexible, and dynamic. Turn a reception area into a team area: with Forum, it's a snap. The Forum tables are one of our solutions for today's work-scape, from hotels, offices, and airports to clubs, lounges, and alternative officing.
