

General Specifications

Table Top: Table tops are 1-1/8" thick particle board core with .050" high-pressure laminate top surface and .030" phenolic backer. Edges are available in 3MM PVC (C). Corners on rectilinear and square tops are square with a 1/8" radius.

Base Assembly: The base consists of a 1" x 2" one piece, welded, tubular steel frame and four 1-1/2" square tubular steel legs. Legs are assembled to the frame by inserting a cross dowel into the top of each leg and bolting the legs to each corner of the frame assembly. The frame is then fastened to the table top brackets and screws. The bottom of each leg is fitted with an adjustable leveling glide or optionally with a 50MM black, twin wheel, locking caster.

Wire Management: Tables may be specified to include one or more 80MM grommets, provided for egress to the underside of the table.

Modesty Panel: A 12" high metal modesty/wire management panel may be specified as an option. The panel is formed to create a trough, 2 holes are cut at the bottom for wire egress.

Finish: Visit our website for Finish and Color Guide for choices.
